

Let's work together to end COVID-19!

- **COMMERCIAL DISINFECTING SERVICES**

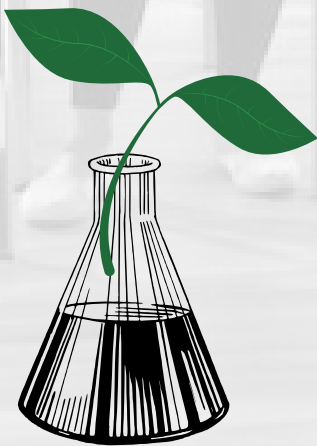

Due to the current global pandemic, ACCi is expanding their building services to provide professional office cleaning and disinfecting services to essential businesses and those readying their offices to re-open.

- **PROFESSIONAL AND RELIABLE**

We have a trained team ready to make your business safe for both employees and clients to occupy!

- **CDC APPROVED, EPA REGISTERED PRODUCTS**

ACCi uses all EPA registered products recommended for eliminating coronaviruses, and also offer an option using plant-based disinfectants- keeping the planet clean and employees safer in heavily occupied spaces.

- **WET FOGGING SERVICES TO REMOVE VIRAL PATHOGENS**

According to the CDC, coronaviruses are thought to spread from person-to-person through airborne respiratory droplets. It may be possible for a person to contract COVID-19 by touching a surface or object and then touching their face. ACCi will remove these risks by using a range of wet fogging methods, as well as wiping all high touch point areas.
